

# NEW-YORK DAILY TRIBUNE, SATURDAY, APRIL 19, 1862.

## Medical.

**A YER'S SAPARILLA.**  
The World's Greatest Remedy for SCROFULA AND SCROFULOUS DISEASES. From Emery Edes, a well-known merchant of Oxford, Maine. "I have sold large quantities of your Sarpilla, but never one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree that there has been no medicine like it before in our country."

**ERUPTIONS, PIMPLES, BLOOTCHES, PUSTULES, ULCERN, SORES, AND ALL DISEASES OF THE SKIN.**

I can do my duty to you and my add my testimony to that you exhibit of the medicinal virtues of your Sarpilla. My daughter, aged 10, had an affliction humor in her nose, eyes, and hair for years, which we were unable to cure until we tried your Sarpilla. She has been well for some months now.

From Charles P. Gage, esq., of the widely known Gage, Murphy & Co., manufacturers of enameled papers in Nashua, N. H.

"For several years a very troublesome humor in my face, which grew constantly worse, until I despaired of my future and became an insatiable affliction. I tried almost everything which was very troublesome. Nothing afforded any relief whatever, until I took your Sarpilla. It immediately made my face worse, as you told me it might for a time, but the next day began to form blisters, and continued until my face was covered with blisters, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarpilla."

**GENERAL DÉBILITY—PURITY THE BLOOD.**

From Dr. Robt. Sawin, Houston, N. Y.

"Dr. A. M. Davis tell me that Enemias and Scrofulous Sars are the most prevalent diseases in the world, and I just now cure an attack of Malignant Enemias with us, we possess equals the Sarpilla you have supplied to the profession as well as the people."

From Dr. Wm. Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarpilla in my family for general debility, and for purifying the blood, with very beneficial results. I send you a specimen in acknowledgment to the address of ST. ANTHONY'S FIRE INS. CO., SALEM, MASS., SCALD HEAD, SORE EYES."

From Harvey Stabler, esq., the able editor of the *Tribune*, Peoria, Illinois.

"Our only child, about three years old, was attacked by pimplies on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face and actually blinded him. A skillful physician and the doctors declared that my son must be amputated, I begged them to give him a trial, and should be held responsible if he did not improve. Took two sets of some of your Pills. Together they have done more for me than any other medicine. He is now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites much interest and admiration."

The child is fair, healthy, and fat, and is a credit to his parents.

**SYPHILIS AND MERCURIAL DISEASE.**

From Dr. Hiram Slade, of St. Louis, Missouri.

"I find your Sarpilla a more effectual remedy for the secondary symptoms of Syphilis than any Syphilis disease that any physician has ever seen. Your Sarpilla is indeed to my knowledge the best medicine we possess."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"My Dear Sir: I have found your Sarpilla

an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can do with the rest of the best medicines we possess."

From Dr. Jacob Merrill, of Concord, N. H.

"LEUCORHOEA, WHITES, FEMALE WEAKNESS,

are easily produced by internal & external Uterine, and are often cured by the alternative effect of this Sarpilla.

Some cases require, however, in aid of the Sarpilla, the skillful application of local remedies.

From the well-known and highly-educated Dr. Jacob Merrill,

of Concord, N. H.

"I have found your Sarpilla an excellent alternative in diseases of females. Many cases of Irregularity, Leucorrhoea, Internal Uterine, and leucosyntesis, arising from the Scrophularian disease, have yielded to it, where they are found to do most good. I will send you a specimen when you have received it. My cases can be found more interesting and distressing than this, and it took several dozen bottles to cure him."

"SYMPHILIS AND MERCURIAL DISEASE."

From Dr. Hiram Slade, of St. Louis, Missouri.

"I find your Sarpilla a more effectual remedy for the secondary symptoms of Syphilis than any Syphilis disease that any physician has ever seen. Your Sarpilla is indeed to my knowledge the best medicine we possess."
